WATER RESTRICTION BY-LAW

PREAMBLE

The community understands there may be a need to change water-use behaviours in times of drought or other water shortage. This Water Restriction By-law sets out four stages of restrictions and prohibitions on the use of water that can be mandated by Central Highlands Water when it is considered necessary to conserve water.

The restrictions in this By-law apply to water that is supplied by the main water supply works of Central Highlands Water, regardless of how that water is delivered. The restrictions also apply to any water that is a mix of this “mains” water and other water, for example, if a tank of rain water is topped up with mains water, the restrictions apply to the use of all of the mixed water in the tank. The restrictions do not apply in relation to recycled or reclaimed water, greywater or stormwater whether or not that water is supplied by the works of Central Highlands Water.

Water is an essential resource for maintaining life. The restrictions in this By-law therefore do not restrict the use of water for indoor purposes such as drinking, washing, cleaning or sanitation. Also, despite any restrictions in this By-law, water can be used at any time:

- for human health requirements;
- for watering of stock and animals;
- for fire fighting;
- for the safety, but not the cleaning, of vehicles and equipment; and
- for cleaning required as a result of an accident, fire, health hazard, safety hazard or other emergency (in accordance with the permitted methods).

Where a restriction relates to a specific use of water, that restriction applies regardless of whether the use is indoors or outdoors. For example, indoor pools and fountains and undercover nurseries are covered by the same restrictions as equivalent outdoor facilities. However, water cannot be used outdoors for any purpose except in accordance with the restrictions in this By-law or with the written permission of Central Highlands Water. This means that unless the restrictions in this By-law specify rules about the way in which water can be used outdoors for a particular purpose, then water cannot be used for that purpose.

Wherever possible, the restrictions in this By-law are designed to be simple, easy to understand and straightforward to follow. For example, outdoor watering is restricted to "alternate days", which means odd numbered properties can be watered on odd numbered dates and even numbered (or no numbered) properties can be watered on even numbered dates. Everyone gets to water on the 31st of any month and the 29th of February.

The restrictions in this By-law are also designed to build upon the common sense rules set out in the Permanent Water Saving Plan of Central Highlands Water, which encourage the efficient use of water on an ongoing basis. For example, wherever restrictions in this By-law allow for water to be used from a hand-held hose for any purpose, that hose must be leak-free and used with a trigger nozzle, consistent with the permanent water saving rules.

Contravention of this By-law is an offence under the Water Act 1989, and so penalties may apply. Exemptions from the restrictions in this By-law may be granted in certain circumstances. This By-law sets out the principles that Central Highlands Water will take into account when considering applications for exemptions from particular restrictions.

This By-law also provides for water to be used in accordance with a Water Use Plan approved by Central Highlands Water, despite the restrictions under the prevailing stage of restrictions. Water Use Plans will only be approved where the use of a Plan is expressly permitted for the particular use of water under the relevant stage of restrictions, or where it is required as part of an application for an exemption.

Central Highlands Water makes the following By-law:

1. AUTHORISING PROVISIONS

This By-law is made under sections 160, 171(1)(a), (ba), (bb), (bc), (e) and (j) and 287ZC of the Act.

2. PURPOSES

The purposes of this By-law are to:

- (a) promote the efficient use and conservation of water; and
- (b) set out four stages of restrictions on the use of water; and
- (c) specify things which must not be done while each stage of restriction persists; and
- (d) specify principles for considering applications for exemptions from particular restrictions; and
- (e) prescribe offences and penalties for the contravention of this By-law, including for which an infringement notice may be served; and
- (f) prescribe classes of persons for the purpose of issuing infringement notices.

3. DEFINITIONS AND INTERPRETATION

3.1 Definitions

The definitions set out in Part A of Schedule 1, apply in this By-law, unless the contrary intention appears.

3.2 Interpretation

- (a) A reference to:
 - (i) legislation (including subordinate legislation) is to that legislation as amended, re-enacted or replaced, and includes any subordinate legislation issued under it;
 - (ii) a document or agreement, or provision of a document or agreement, is to that document, agreement or provision as amended, supplemented, replaced or novated;
 - (iii) a party to any document or agreement includes a permitted substitute or permitted assign of that party;
 - (iv) a person includes any type of entity or body of persons, whether or not it is incorporated or has a separate legal identity and any executor, administrator or successor in law of the person; and
 - (v) anything (including a right, obligation or concept) includes each part of it.
- (b) A singular word includes the plural and vice versa.
- (c) If a word is defined, another part of speech has a corresponding meaning.

- (d) If an example is given of anything (including a right, obligation or concept) such as by saying it includes something else, the example does not limit the scope of that thing.
- (e) An interpretation that would promote the efficient use of water must be preferred to an interpretation that would not promote such use.

4. STAGES OF RESTRICTIONS

4.1 Stages of Restrictions

Central Highlands Water may impose:

Stage 1 Restrictions (Alert); or
Stage 2 Restrictions (Save); or
Stage 3 Restrictions (Just Enough); or
Stage 4 Restrictions (Critical),

as the case requires, in any district, by publishing a notice to that effect in a newspaper circulating generally in the relevant district and on the website of Central Highlands Water.

4.2 Imposing stages of restrictions

Central Highlands Water may impose a stage of restriction in a district:

- (a) in accordance with the process specified in its drought response plan; or
- (b) if it reasonably concludes that:
 - (i) because of the failure or limitation of a major pipeline, pumping station, treatment plant or other key water supply work, Central Highlands Water will temporarily be unable to meet the demands of its customers; or
 - (ii) because of a major water quality issue arising from the failure of a key water supply work referred to in sub-paragraph (i), or from a bushfire or other emergency, Central Highlands Water will temporarily be unable to meet the demands of its customers; or
 - (iii) the prevailing stage of restriction has failed to provide the reductions in demand required by Central Highlands Water for that stage, in accordance with its drought response plan.

4.3 Application of restrictions

When a stage of restriction is imposed in a district under sub-clause 4.2, the relevant restrictions on water use designated for that stage in Schedule 1 apply in that district.

4.4 Declining to impose a stage of restrictions

Without limiting sub-clause 4.2, Central Highlands Water may decline to impose a stage of restriction in a district if it reasonably concludes that the circumstances indicating the need for that stage are likely to be so temporary that the public inconvenience caused by imposing that stage of restriction would outweigh the water conservation benefits to be gained from imposing that stage.

5. GENERAL EXEMPTIONS

5.1 Health and Safety Exclusion

Despite any provision of this By-law, including the restrictions set out in Schedule 1, Water can be used at any time for:

- (a) human health requirements;
- (b) stock and animal health requirements;
- (c) fire fighting; and
- (d) the safety, but not the cleaning, of vehicles or equipment.

5.2 General Exemptions

- (a) Central Highlands Water may, in relation to a specified district or districts:
 - (i) prepare, adopt and publish; and
 - (ii) amend or revoke at any time,general exemptions which specify generally applicable exemptions (from a particular use or for particular users of Water) from any restrictions in Schedule 1.
- (b) In deciding whether or not to grant a general exemption under this sub-clause, Central Highlands Water will have regard to:
 - (i) the security of available Water supplies in the district; and
 - (ii) recent climate patterns and prevailing seasonal forecasts; and
 - (iii) any anticipated change in demand attributable to the prevailing stage of restriction; and
 - (iv) any other relevant matter which Central Highlands Water thinks fit to have regard to.
- (c) Without limiting paragraph 5.2(a), the general exemptions may set out:
 - (i) permissible uses of Water which are exempted from a restriction set out in Schedule 1, without an application being made under clause 6; and
 - (ii) the conditions upon which any such exemption is granted.
- (d) Exemptions adopted under paragraph (a) must be published on Central Highlands Water's website and notice of any adoption, amendment or revocation of exemptions must be published in a newspaper circulating generally in the relevant district and on the website of Central Highlands Water.
- (e) An exemption, or an amendment to an exemption under this clause will apply from the date on which a notice of the exemption is published in a newspaper circulating generally in the relevant district and will cease to apply in accordance with the terms of the exemption or when notice of the revocation is published in a newspaper circulating generally in the relevant district.
- (f) Central Highlands Water may prepare and publish general exemptions in co-operation with other water corporations.

6. PARTICULAR EXEMPTIONS

6.1 Guidelines regarding Particular Exemptions

- (a) Central Highlands Water may:
 - (i) prepare, adopt and publish; and
 - (ii) amend or revoke at any time,guidelines about applying for exemptions under this clause.
- (b) Guidelines adopted under paragraph (a) must be published on Central Highlands Water's website and notice of any adoption, amendment or revocation of guidelines must be published in a newspaper circulating generally in each district and on the website of Central Highlands Water.

6.2 Applications for Particular Exemptions

- (a) A person may apply to Central Highlands Water for an exemption from a stage of restriction which has been, or which may in future be, imposed under clause 4.
- (b) An application for exemption must be in a form approved by Central Highlands Water.
- (c) Central Highlands Water:
 - (i) must consider an application for exemption within a reasonable period; and
 - (ii) must have regard to any adopted guidelines referred to in sub-clause 6.1; and
 - (iii) subject to this clause:
 - (A) may grant the application in full or in part and subject to such conditions as Central Highlands Water considers appropriate; or
 - (B) may refuse the application.
- (d) Central Highlands Water may revoke any exemption at any time, by giving written notice to the applicant.
- (e) An exemption ends at any time specified in the exemption, or when:
 - (i) the stage of restriction to which the exemption relates is lifted; or
 - (ii) a more severe stage of restriction is imposed.

6.3 Approval of Particular Exemptions

Subject to this clause, Central Highlands Water must not grant an application for exemption in relation to a particular stage of restriction, unless Central Highlands Water is reasonably satisfied that the proposed exemption:

- (a) is necessary to avoid an inequitable and disproportionately adverse impact upon the livelihood of the applicant which would be caused by the level of restriction; **OR**
- (b) would result in less Water being used by the applicant than the lesser amount of the Water that the applicant would otherwise:
 - (i) have been allowed by Central Highlands Water to use; or
 - (ii) based on prior consumption, is likely to have used for the same purpose under that stage of restriction; **OR**

- (c) is necessary because of the special needs of the applicant; **OR**
- (d) would avoid or minimise appreciable physical damage to a building or other structure owned or occupied by the applicant during that stage of restriction; **OR**
- (e) is necessary to avoid any adverse effect on public health or safety;

AND

- (f) would not, in combination with the use of Water in accordance with other exemptions granted or reasonably anticipated by Central Highlands Water to be granted for similar uses of Water, have a significant impact on the total daily demand for Water by Central Highlands Water's customers or the security of available Water supplies in the district where the use will occur;

AND

- (g) would, in the opinion of Central Highlands Water, be generally supported by other Central Highlands Water customers who are affected by that stage of restriction.

6.4 Particular Exemptions for Public Garden Areas

Despite sub-clause 6.3, Central Highlands Water may grant an application for exemption to Water a public garden area during a period of stage 4 restrictions if:

- (a) the application is accompanied by an approved Water Use Plan for the public garden area; and
- (b) Central Highlands Water is reasonably satisfied that, if the garden is Watered in accordance with the Water Use Plan, the exemption would not, in combination with the use of Water in accordance with other exemptions granted, or reasonably anticipated by Central Highlands Water to be granted, under this clause, have a significant impact on the total daily demand for Water by Central Highlands Water's customers or the security of available Water supplies in the district where the use will occur.

6.5 Particular Exemptions for Certain Playing Surfaces

- (a) Despite sub-clause 6.3, Central Highlands Water may grant an application for exemption to Water any playing surface during a period of any stage of restriction if:
 - (i) the application is accompanied by an approved Water Use Plan; and
 - (ii) the application relates to a playing surface which is to be used for an inter-State, national or international professional sporting competition, or in support of such a competition; and
 - (iii) the exemption is granted for a finite period, which includes the dates during which the competition is to be held, determined after consulting the applicant; and
 - (iv) Central Highlands Water is reasonably satisfied that, if the playing surface is Watered in accordance with the Water Use Plan during the relevant stage of restrictions, the exemption would not, in combination with the use of Water in accordance with other exemptions granted, or reasonably anticipated by Central Highlands Water to be granted, under this clause, have a significant impact on the total daily demand for Water by Central Highlands Water's customers or the security of available Water supplies in the district where the use will occur.

- (b) Despite sub-clause 6.3 and paragraph 6.5(a), Central Highlands Water may grant an application for exemption to Water a particular playing surface during a period of stage 4 restrictions if:
 - (i) the application is accompanied by an approved Water Use Plan for the particular playing surface that has been prepared for the purpose of stage 4 restrictions; and
 - (ii) Central Highlands Water is reasonably satisfied that, if the playing surface is Watered in accordance with the Water Use Plan during the relevant stage of restrictions, the exemption would not, in combination with the use of Water in accordance with other exemptions granted, or reasonably anticipated by Central Highlands Water to be granted, under this clause, have a significant impact on the total daily demand for Water by Central Highlands Water's customers or the security of available Water supplies in the district where the use will occur.

6.6 Particular Exemptions for Warm Season Grasses
Despite paragraph 6.2(c) and sub-clause 6.3:

- (a) if a person makes an application to Central Highlands Water for an exemption to establish a warm season grass area at a specified property during a period of stage 1 or 2 restrictions; and
- (b) an exemption under this sub-clause for the property to which the application relates has not been made in the past 12 months,

the person will, unless and until notified otherwise, be deemed to have been granted the exemption from the date the application is posted or sent by electronic mail to the correct address of Central Highlands Water, subject to the following conditions:

- (i) the exemption allows Watering solely for the establishment of warm season grass; and
- (ii) the exemption expires 28 days after the exemption is deemed to have been granted.

7. WATER USE PLANS

7.1 Guidelines Regarding Water Use Plans

- (a) Central Highlands Water may:
 - (i) prepare, adopt and publish; and
 - (ii) amend or revoke at any time,guidelines about approval of Water Use Plans under this clause.
- (b) Guidelines adopted under paragraph (a) must be published on Central Highlands Water's website and notice of any adoption, amendment or revocation of guidelines must be published in a newspaper circulating generally in each district and on the website of Central Highlands Water.

7.2 Applications for Water Use Plans

- (a) A person may make an application under this clause where:
 - (i) a restriction on the use of Water contained in Schedule 1 permits Water use in accordance with an approved Water Use Plan; or

- (ii) where an application for an exemption under clause 6 must be accompanied by an approved Water Use Plan.
- (b) An application for approval of a Water Use Plan must be in a form approved by Central Highlands Water.
- (c) Central Highlands Water:
 - (i) must consider an application for approval of a Water Use Plan within a reasonable period;
 - (ii) must have regard to any adopted guidelines referred to in sub-clause 7.1; and
 - (iii) subject to this clause:
 - (A) may grant the application for approval, subject to such conditions as Central Highlands Water considers appropriate; or
 - (B) refuse the application for approval.

7.3 Approval of Water Use Plans

Central Highlands Water must not approve a Water Use Plan unless:

- (a) the Water Use Plan sets out:
 - (i) the person(s) and property (where applicable) to which the Water Use Plan applies;
 - (ii) the use(s) to which the Water Use Plan applies;
 - (iii) the stage(s) of restrictions during which the Water Use Plan applies; and
 - (iv) when the Water Use Plan expires or ceases to apply; and
- (b) in the case of an application under clause 7.2(a)(i), Central Highlands Water is reasonably satisfied that the use of Water in accordance with the Water Use Plan:
 - (i) would result in Water savings commensurable to the Water savings that would result from Water use in accordance with the restrictions (other than a Water Use Plan) for that use of Water under the prevailing stage of restrictions; **OR**
 - (ii) would not, in combination with the use of Water in accordance with Water Use Plans approved or reasonably anticipated by Central Highlands Water to be approved for similar uses of Water, have a significant impact on the total daily demand for Water by Central Highlands Water's customers or the security of available Water supplies in the district where the use will occur; **OR**
 - (iii) would, in the opinion of Central Highlands Water, be generally supported by other Central Highlands Water customers who are affected by the relevant stage of restriction; **OR**
 - (iv) would, in the opinion of Central Highlands Water, be considered to demonstrate a best practice or highly efficient use of Water for that purpose; **OR**
 - (v) would provide a broader public benefit.

7.4 Failure to Comply with a Water Use Plan

For the avoidance of doubt, if an approved Water Use Plan is in place in relation to a use of Water, but the use of Water is not carried out in accordance with the approved Water Use Plan that use of Water is subject to the restrictions for that use contained in Schedule 1.

8. LIFTING A STAGE OF RESTRICTION

8.1 Lifting a stage

Subject to sub-clause 8.2, Central Highlands Water may:

- (a) lift a prevailing stage of restriction and substitute a lesser stage of restriction; or
- (b) lift a prevailing stage of restriction,

whenever Central Highlands Water reasonably concludes, in accordance with the considerations specified in its drought response plan, that the relevant circumstances which led Central Highlands Water to impose the prevailing stage of restriction in a district no longer exist, or are about to change, by publishing a notice to that effect in a newspaper circulating generally in the relevant district and on the website of Central Highlands Water.

8.2 Declining to lift a stage of restrictions

Despite sub-clause 8.1, Central Highlands Water may decline to lift a prevailing stage of restriction if it reasonably concludes that either:

- (a) continuing that stage of restriction is necessary or desirable to increase or conserve available Water supplies; or
- (b) the change in circumstances which would otherwise justify Central Highlands Water in lifting the stage of restriction is likely to be so temporary that the public inconvenience caused by lifting and subsequently re-imposing a stage of restriction would outweigh the benefits to Central Highlands Water's customers of temporarily lifting the prevailing stage of restriction.

9. EMERGENCY MEASURES

If it is considered by Central Highlands Water that stage 4 restrictions are insufficient to reduce consumption to a level adequate to meet future demands at that level of restriction, Central Highlands Water may declare emergency measures to further restrict water consumption in the specified area.

10. OFFENCES AND PENALTIES

10.1 Contravention of the By-law is an offence

A person who receives a supply of Water from Central Highlands Water must not contravene any restriction or prohibition on the use of that Water imposed by or under this By-law.

10.2 Penalties

The penalty for any offence referred to in sub-clause 10.1 during a stage of restriction set out in a column of the Table is:

- (a) for a first offence, the relevant number of penalty units or the period of imprisonment set out in that column for a first offence;
- (b) for a subsequent offence, the relevant number of penalty units or the period of imprisonment set out in that column for a subsequent offence; and
- (c) for a continuing offence, an additional penalty of 5 penalty units for each day on which the offence continues (up to a maximum of 20 additional penalty units):
 - (i) after service of a notice of contravention on the person, under section 151 of the Act; or
 - (ii) if no notice of contravention is served, after conviction of the person for the offence.

	Stage 1	Stage 2	Stage 3	Stage 4
First offence	15	20	30	40 or 3 months' imprisonment
Subsequent offence	30	40	60 or 3 months' imprisonment	80 or 6 months' imprisonment

10.3 Infringement notices

An infringement notice may be served on any person who receives a supply of Water from Central Highlands Water and contravenes any restriction or prohibition on the use of that water imposed by or under this By-law (other than an offence against an emergency measure imposed under sub-clause 9.1).

10.4 Penalties

The infringement penalty for any offence referred to in sub-clause 10.3 during a stage of restriction set out in Column 1 of the Table is the relevant penalty set out in Column 2 in respect of that Stage of restriction.

COLUMN 1	COLUMN 2
STAGE OF RESTRICTION	PENALTY UNITS
1	2
2	3
3	4
4	5

Notes:

- 1 In this By-law "penalty unit" has the same meaning as in section 110 of the Sentencing Act 1991. The value of a penalty increases each year under the Monetary Units Act 2004. The current value of each penalty for contravening a restriction or prohibition is set out on Central Highlands Water's website www.chw.net.au.
- 2 The Act also makes it an offence to waste, misuse or excessively consume water and imposes substantial penalties which include one or more of fines, imprisonment and daily penalties.

3 Central Highlands Water has further power to reduce, restrict or discontinue the supply of water to a person who contravenes the Act, regulations or a by-law in relation to misuse or taking of water. Central Highlands Water can also disconnect the supply of water to a property in relation to which a notice of contravention has been issued and not complied with.

11. ISSUING PENALTY INFRINGEMENT NOTICES

An authorised water officer appointed under section 291A of the Act by Central Highlands Water may serve an infringement notice on another person in respect of an offence against sub-clause 10.3 if the authorised water officer reasonably believes that the person has committed the offence.

12. REPEAL

Water Restrictions By-law 404 is repealed.

13. AUTHORISATION BY Central Highlands Water

This By-law is made by Central Highlands Water on _____ 2012.

SCHEDULE 1

SCHEDULE OF WATER RESTRICTIONS

PART A – DEFINITIONS

"Act" means the Water Act 1989.

"alternate day" means:

- (a) in the case of a property with an odd street number, each odd-numbered day of any month;
- (b) in the case of a property:
 - (i) with an even street number; or
 - (ii) without a street number,each even-numbered day of any month; and
- (c) in the case of any property, the 31st day of any month or the 29th day of February.

"animal husbandry" includes keeping, raising or breeding any animals or birds either:

- (a) for commercial purposes; or
- (b) on such a scale, or in such a manner, as could reasonably be considered to be comparable to a commercial undertaking.

"approved Water Use Plan" means a Water Use Plan approved by Central Highlands Water

"Automatic Water Top Up Device" means any automatic top up device with appropriate backflow protection that maintains a water level at the minimum level required for the safe and efficient operation of, and to maintain the integrity of, the equipment which the device is servicing.

"building façade or window" means any external surface of, or attached to, a building, including any roof, wall, window or blind of that building.

"Central Highlands Water" means Central Highlands Region Water Corporation.

"commercial car wash" means any commercial facility for washing vehicles.

"commercial market garden" means an area (indoors or outdoors) used wholly or primarily to propagate, cultivate or harvest fruit, vegetables, vines or other edible plants for sale (retail or wholesale) or distribution for profit.

"commercial or Council plant nursery" means an area (indoors or outdoors) used wholly or primarily to propagate, cultivate or harvest plants (including seed stock, turf and flowers):

- (a) for sale (retail or wholesale) or distribution for profit; or
- (b) for any Council use.

"construction or renovation" means construction or renovation works on any building or structure including:

- (a) erecting, altering (including painting or other protection works), repairing, demolishing or removing any building or structure;
- (b) civil engineering;
- (c) any preparatory works for the purposes of construction or renovation; and
- (d) any directly associated on-site or off-site activity.

"Council" means a council under the Local Government Act 1989.

"dam or tank" does not include any pond or lake.

"district" means one of the districts serviced by Central Highlands Water or part of any such district as specified by Central Highlands Water for one of the following water supply zones: Amphitheatre, Avoca, Ballarat & District, Beaufort & Raglan, Blackwood, Clunes, Daylesford, Dean, Forest Hill, Landsborough & Navarre, Lexton, Maryborough & District, Redbank, and Waubra.

"dripper watering system" means:

- (a) a watering system (automatic or manual) which drips water on the root zone of plants, by drippers at a fixed rate of flow, not exceeding 9 litres per hour for every linear metre of the watering system; or
- (b) a "non-dripper" watering system (automatic or manual) which to the satisfaction of Central Highlands Water is of equal efficiency to or greater efficiency than a dripper water system described in paragraph (a).

"drought response plan" means a plan developed by Central Highlands Water, for the purpose of responding to drought or other water shortage, as required under its Statement of Obligation issued under section 4I of the Water Industry Act 1994.

"edible plants" includes plants that can eaten, imbibed or used to flavour food or drinks.

"existing" means in existence at the time when the prevailing stage of restriction was declared.

"fill" means adding water to the current volume, if the relevant receptacle is less than 75% full.

"fountain or water feature" means any (indoor or outdoor) ornamental fountain or water feature of any capacity that projects, circulates or moves water, or otherwise causes water to flow, for an aesthetic or decorative purpose.

"garden area" means any land upon which vegetation of any kind, including trees, other than lawn, grows or is cultivated, for other than commercial purposes. (See "Lawn area").

"general playing surface" means any playing surface that is not a particular playing surface.

"general or particular playing surface" means a general playing surface or a particular playing surface.

"greywater" means waste water from bath tubs, showers, laundry troughs and clothes washing machines, but excludes water from kitchens, dishwashing machines and toilets.

"hand-held hose" means a leak free hose that is held by hand, when it is used, which:

- (a) in the case of commercial and construction activities, has an internal diameter of no more than 50mm; or
- (b) in the case of any other activities, has an internal diameter of no more than 25mm, and which is fitted and used with a trigger nozzle.

"hard surface" includes any courtyard, decking, footpath, driveway or other external area, with a concrete, asphalt, brick, tile, bitumen, timber or similar impervious surface.

"high pressure water cleaning device" means a machine which has a pump to increase the pressure of water delivered from a trigger nozzle, at a rate of no greater than 9 litres per minute, forming part of the device, but does not include a hand-held hose.

"hose-connected water toy" means any toy that is operated by running water, supplied through a hose.

"lawn area" means any land, grassed or sown with grass seed but excludes any playing surface. See "garden area".

"mobile spa" means any spa that is capable of being moved for use in different locations.

"mobile water tanker permit" means a valid permit issued by Central Highlands Water for the filling or topping up of a water tanker with Water from hydrants and fireplugs in accordance with the conditions of the permit.

"motor vehicle dealer, repairer or detailer" means a commercial operator that either sells, trades or repairs motor vehicles and/or is required to clean motor vehicles as part of its operation but excludes a commercial car wash.

"new" means not existing (as defined).

"Other Use" means any use or purpose for which water may be used outside a building, which is not a use or purpose expressly referred to in this document.

"particular playing surface" means:

- (a) a turf wicket for competition cricket;
- (b) a turf practice wicket for cricket but only if an alternative practice wicket that does not require watering (such as a synthetic wicket) is not available;
- (c) a lawn or other type of running track (whether for use by humans or animals);
- (d) a lawn, en tout cas, or other type of tennis court other than a concrete, bitumen or asphalt tennis court;
- (e) a baseball or softball diamond, including the infield and any en tout cas running area;
- (f) a hockey or lacrosse pitch;
- (g) a green for lawn bowls or croquet or similar sport; or
- (h) the penalty areas of a soccer pitch; or
- (i) a golfing tee or green (but not fairways or approaches),
at a sporting or recreational facility that is:
 - (i) for public, commercial or general community use; or
 - (ii) associated with a university, school or other educational institution, and
- (j) a soft-fall area at a child-care facility or public playground,
